RE: Request

February 22, 2022 3:40:39 PM

JIG has approved the Coutts Summary. I will PDF it and send it tomorrow.

LO Washington provided information regarding threats received by embassy/consulates in the US (waiting on a confirmation to share this info with the JIG and FPNI):

o Detroit

· Unconfirmed information suggests that a potential protest could occur at the Canadian Embassy in Detroit, MI, on 2022-02-21.

· I checked media reporting, and found nothing with respect to a protest in Detroit yesterday.

o Dallas

· “I am writing to inform you that the Consulate General received two threatening voicemails overnight (February 16/17) from American citizens opining about the trucker convoy in Canada. The voicemails were very explicit; punctuated with vulgar terms to describe the Prime Minister. One of the voicemails indicated that the caller was a “descendent of the Third Reich”.”

o Chicago / New York

· CHCGO has also received several threatening messages in relation to the convoy (February 17th). CNGNY/PRMNY (New York) and CHCGO have also experienced related protests. My colleagues in the Threat Intelligence division (INT) have been in contact with RCMP FPTAS for those incidents. They can comment further if required.

o OSINT queries by GAC on February 17th ‘did not yield any relevant results’.

Please do not hesitate to contact me if you have any questions and/or concerns.

Pascale

There are now 2 x daily mtgs of the Gold/Silver/Bronze structure supporting the response to the convoys.

What have we shared with them
